

Year 6 - Week Commencing 25th September 2017

Maths

This week we will be looking at the following:

Mental strategies for adding decimals.

Written method for adding decimals.

Solving addition problems, deciding which strategy to use and why.

Mental strategies for multiplication.

Times tables this week are the seven times tables.

English

This week the children will continue writing their survival story. Each day we will focus on a different skill that should be applied. The children have made a fantastic start so far, so I can't wait to see what they produce this week. They have a real audience for their writing as they will be sharing their stories with their 'buddies' in Class R. In grammar this week we continue looking at expanded noun phrases and fronted adverbials.

Please ask your child to tell you about their story, as talking about this will help them with their writing. 😊

Theme

We will continue the geography unit by looking at famous landmarks in the world.

Computing: Digital research

PE: Invasion games

On Wednesday afternoon the class will be producing some artwork based on camouflage.

Extras

French will be on Tuesday

PE will be on Tuesday and Friday afternoons.

My PPA time will be on Wednesday afternoon.

Homework

Homework activities have now been set on Active Learn. A maths activity based on mental strategies for addition and an activity based on expanded noun phrases. Spellings and timetables will be tested on Friday. The children should also continue to learn the poem that they have been given.

Homework also includes reading at least 3 times a week for 30 minutes each time. Please ensure that homework diaries are signed and in school on Friday for checking – thank you.

Spelling Focus: This week's spelling focus is: 'ly' and 'ous' suffixes.
