

Year 4 - Week Commencing 16-10-17

Maths

This week the children will be focussing on mental multiplication. They will be developing their knowledge of the 6 times table, factors, doubling and deciding which strategy is the most appropriate to use.

English

This week the children will be beginning a new unit of work based on explanation texts. This will be a shorter unit, lasting just 2 weeks.

Please ask your child this week about 'Talk for Writing' as we will be doing this for the first time this week!

Theme

The children will be continuing to learn all about electrical circuits and how they are used in everyday life. They will be carrying out more thought provoking activities and applying all their writing skills in order to report on what they have been doing.

I will also be concluding our RE unit of work on Buddhism.

Extras

French will be on Tuesday, PE will be on Thursday and with Phil on Friday.

My PPA will be on Wednesday morning this week.

Weekly homework can be found at www.activelearnprimary.co.uk

Could you please log onto www.topmarks.co.uk/maths-games/hit-the-button as this is a great activity for your child to learn more about halving, doubling and number bonds as well as helping with their times tables.

Phonics (or spelling in KS2) Focus:

We will be continuing our work on homophones (spellings to be given out on Monday as I was away last Friday). We will also be recapping on the words from the Year 4 statutory word list we have learned so far.
