

Year 4 - Week Commencing 5-3-18

Maths

This week the children will be further developing their knowledge of place value. We will be identifying the value of each digit in numbers up to 2 sometimes 3 decimal places. The children will be ordering larger sets of numbers by using the mathematical symbols for greater than and less than.

English

This week the children will be concluding our unit based on debates. The children will this week be writing their own debate text on an aspect of hunting and looking at both sides of the argument. We will be publishing these into our own book for you to read at the next parents evening. We will also be filming our new and improved 'LIVE Debate'... watch this space!

Theme

The children will be starting a new theme based on The Great Plague. This topic will be mainly be history based but will try to include all aspects of the curriculum. This is a favourite of mine as it involves lots of independent research using both primary and secondary resources. The children will also get the chance to create their own 'remedy' based on real ones used at the time. (Think 'Georges Marvellous Medicine'!)

Extras

French will be on Tuesday, PE will be on Monday and Friday.

My PPA will be on Tuesday afternoon and my SENCO time is on Thursday afternoon this week.

Weekly homework can be found at www.activelearnprimary.co.uk

Could you please log onto www.topmarks.co.uk/maths-games/hit-the-button as this is a great activity for your child to learn more about halving, doubling and number bonds as well as helping with their times tables.

Phonics (or spelling in KS2) Focus:

We will be continuing our work on words including the common letter string '-ice' (*notice, service, practice*). We will also be learning 3 words taken from the Year 4 statutory list which this week are: *extreme, interest, and peculiar*
