Measure, compare, add and subtract volumes and capacities.

Measure, compare, add and subtract masses.

Solve problems involving and measures.

## English

Last week we thoroughly enjoyed rehearsing a poem in groups called, Caveman Manners. Each day, the children choreographed their own actions and experimented with tone of voice. We then decided to put their performance skills to the test by recording their performances in front of the green screen. We watched the videos and evaluated each performance. We will be moving onto our first English unit as part of our 'Iron Man' theme. The first unit will focus around a Novel as a theme, The Iron Man, written by Ted Hughes. The children will view and listen to opening extracts and scenes from the story and begin to use visualising and 'Role on the Wall' techniques to determine what they think the Iron Man is like. From this, we will begin to gather descriptive language as we move through the story.

## Theme

This half term our theme is 'The Iron Man'. In Science, we shall be studying magnets and carrying out fair tests to record the difference in force through different materials. In Music our focus will be on listening and responding to movie trailers using expressive language and musical vocabulary. In Design & Technology, we shall be investigating and evaluating pop up books which use levers and linkages in the view of designing our own in the next few weeks.

- We will be encouraging the children to share their learning and progress with someone at home therefore we kindly ask that **a parent/guardian signs each week's homework diary entry with their initials** - this is something we will be checking with the children in our efforts to encourage them to continue to make super progress and develop their understanding of the curriculum at home and in the community.
