

Year 6 - Week Commencing 12th March 2018

Maths This week we will be looking at the following:

- Solving problems by converting between units of measure.
- Converting between miles and kilometres.
- Solving problems involving time.
- Naming the parts of a circle and knowing that the diameter is twice the radius.
- Recognising, describing and building simple 3-D shapes, including making nets.

English

The children will be completing their independent write based on the question, 'Should animals be kept in captivity?' They have made an excellent start and I am looking forward to reading their finished pieces. We will then be moving on to looking at mystery/detective stories. We will be reading a book called Foul Play by Tom Palmer and will be completing reading and writing tasks linked to this. We will also be watching a short animation based on a detective and completing an independent short write based on this.

In grammar sessions this week we will be looking at the tricky concept of the active and passive voice.

Theme this half term...

RE - Christianity and the Church

Science – The Human Body.

A few weeks ago we enjoyed a visit to the Baptist church. The children will be completing a piece of writing linked to this.

Extras

PE will be on Wednesday and Friday afternoon this week. Please ensure that your child has a **school PE kit** in school for these lessons.

I will be on a course on Tuesday morning.

My PPA time will be on Thursday afternoon.

Homework :

Two activities have been set on Active Learn that should be completed by Friday.

Homework also includes reading as much as possible at home.

Please ensure that your child brings their homework diary into school on Friday.

A practise arithmetic paper will be sent home this week for completion at home.

Spelling Focus: In class we will be looking at -tious and -cious suffix endings. Tricky

words have been sent home for the spelling test.
