

Week beginning: 9th April 2018

Class R weekly newsletter

Summer 1

Dear Parents,

Welcome back from the holidays, we hope you had a great break!

This term our new topic is called Julia Donaldson. We will be reading many stories written by the famous children's author. Also we will be describing characters and story plots, writing stories and creating our own versions of the stories. We will also be having a new exciting role play area in which we will have our very own theatre for budding actors and actresses to re-enact the stories.

We have had the floor replaced in the outdoor play area outside of reception. We will be enhancing it with new equipment so that the children have a safe area to play in and a variety of resources to extend their learning with.

It is really important that you read with your child at home at least once during the week. Please make a general comment on their reading in their reading record and sign it. Otherwise we will assume you haven't read with your child, Thank you.

Learning

In literacy this week we will be learning the story of *The Gruffalo* and describing the features of the main character. In maths we will be learning to measure length using non-standard equipment e.g. multi-link cubes and then later on in the week standard equipment e.g. ruler.

Home Learning

This week's homework task is to complete a measuring task. Ask your child to choose a selection of items around the home and then measure them. You can use non-standard equipment such as paper-clips, multi-link cubes etc.

Remember to send evidence of children's home learning and any 'Magic Moments' to the address below:
